

FEBRUARY 2019

Customer Base further expanded

- > **Numerous new customers in a wide variety of industries rely on Conigma™**

Munich, 26 February 2019 – The Galileo Group AG, one of the leading providers of software solutions for release, change & transport management for SAP®, announces that the company's earnings and customer base in 2018 have grown significantly compared to the already excellent previous year.

With this result, the Galileo Group exceeds its own forecasts as well as the general market growth and is due to that excellently positioned for the planned investments 2019. In addition to numerous other topics, the focus of our investments will be on usability and interoperability.

The increased benefits are rooted in the successful introduction of Release 2019 of Conigma™ CCM. In addition to numerous improvements on a functional level, such as calling any Conigma™ objects via email attachments; this offers in particular the basis for successful S/4HANA certification.

"With our products, we won orders from customers of all sizes in a wide variety of industries," says Malte Klassen, CEO of the Galileo Group. "In this respect, the following sectors can be highlighted as examples:

Automotive supplier, financial services, mechanical engineering, medical technologies, optics, optoelectronics, plant construction, public sector, semiconductor technologies as well as trade. Our customers
