### Stable figures in 2020

#### > Conigma™ Connect as driver

**Munich, 20<sup>th</sup> March 2021** – The Galileo Group AG, one of the leading providers of application lifecycle management software, announces that, in addition to the core business of SAP release, change and transport management, the area of IT factory integration with Conigma™ Connect was the guarantor of stable figures in the financial year just ended.

With this result, the Galileo Group AG is exactly in line with its own expectations.

"Our new iPaaS platform Conigma™ Connect is exactly in line with the trend and absolutely hits the nerve of our existing customers as well as that of our new ones" says Malte Klassen, CEO of the Galileo Group AG. "Especially in economically exciting times our customers are impressed by the implementation efficiency of our platform".

Conigma™ Connect integrates the entire Software Factory. Products such as SAP Solution Manager ChaRM, Conigma™ CCM, Atlassian Jira, ServiceNow, FreshService and many more can be linked bidirectionally, audit-proof and yet flexibly with any data models per fixed price package.

### About Conigma™

In addition to the core product Conigma™ CCM for controlling and managing IT processes for SAP change, release and transport management, the Conigma™ Suite also includes the products Conigma™ QCopy for software recovery from SAP system copies, Conigma™ DevSync for synchronizing parallel SAP development systems and Conigma™4Eclipse for integrating our functionalities in ABAP in Eclipse (=SAP ADT). New additions to the extensive product portfolio of the Galileo Group AG are Conigma™ One as a basis for Fiori-like interfaces and Conigma™ Connect for the integration of all SAP and non-SAP related tools in the IT Factory.

### About Galileo Group AG

Renowned blue-chip clients in Europe, Asia and the Americas – including Mercedes Benz, Talanx, Siemens and the Zürcher Kantonalbank – place their trust in the competence of the Galileo Group with its twin commercial departments of IT Services and Software.

With its SAP® release, change & transport management software Conigma™, the group's subsidiary Galileo Tools sees itself as a market leader in the industrialization of IT operations. It has been proven that over 7% not only of the SAP costs but also throughout the whole IT factory can be saved each year.
