

APRIL 2018

Conigma™ CCM for SAP S/4HANA

> Release of Conigma™ CCM for the new SAP product generation

Munich, April 26, 2018 - The Galileo Group AG, one of the leading providers of release, change & transport management solutions for SAP, today announced Conigma™ CCM for SAP S/4HANA as generally available. This enables the turnkey implementation of Conigma™ with adjustments purely via simple customizing without complex programming also for the new SAP product generations.

With the release for S/4HANA Conigma™ CCM supports the promise of general simplification of SAPs digital core:

- less maintenance costs,
- shorter innovation cycles,
- shorter response times to requirements and
- Reduced total cost of ownership.

"With the release of our core product Conigma™ CCM for SAP S/4HANA we herald an important development for a successful future," explains Malte Klassen, CEO of Galileo Group AG. "This is the next step towards being a reliable partner for our customers even after the discontinuation of maintenance and further development of our predecessor system SAP ECC in 2025."

APRIL 2018

In addition to the core product Conigma™ CCM for controlling and managing IT processes for SAP Change, Release and Transport Management, the Conigma™ Suite also includes the products Conigma™ QCopy for software recovery after SAP system copies and Conigma™ DevSync for synchronizing parallel SAP development systems.

About Galileo Group AG

Renowned blue-chip customers such as Mercedes-Benz, Talanx, Siemens or Zuercher Kantonalbank in Europe, Asia and the Americas rely on the competence of the Galileo Group with its IT Services and Software divisions.

With its SAP® Release, Change & Transport Management Software Conigma™, the company sees itself as the market leader for the industrialization of SAP operations. For more information, visit www.galileo-group.de.
