

JULY 2018

Conigma™ CCM Release 2018

> Many exciting innovations of tomorrow already today

Munich, July 12, 2018 - Galileo Group AG, one of the leading providers of software solutions for SAP Change, Release and Transport Management, today presented Conigma™ CCM Version 2018. The new Conigma™ CCM contains all extensions and developments to further expand the excellent market positioning of the product portfolio.

"I was impressed by the innovative strength of our employees and our customers," says Malte Klassen, CEO of Galileo Group AG. "Customers from engineering-driven industries such as discrete manufacturing in particular keep coming up with wonderful ideas for making work in the SAP software change process even more efficient and automated with the help of Conigma™".

Below is an excerpt of some innovations:

- **Investment Protection** - Release for SAP S/4HANA
- **User comfort** - possibility of automatic translation of all essential texts with the leading tool DeepL
- **User comfort** - more flexible dynamic context menu search, also for the selection of complex multiple dependent information
- **User comfort** - new context-sensitive integration of user documentation directly into the GUI of Conigma™ CCM
- **Safety/user comfort** - extended possibilities / improved selection for dynamic transport routes

JULY 2018

- **Security/user comfort** - full integration of Conigma™ DevSync into Conigma™ CCM with extensive automation options and task lists (including the popular 3-way merge)
- **Administration** - simplified role assignment via extensive automation
- **Administration** - improved license management with greater flexibility

In addition to the core product Conigma™ CCM for controlling and managing IT processes for SAP Change, Release and Transport Management, the Conigma™ Suite also includes the products Conigma™ QCopy for software recovery after SAP system copies and Conigma™ DevSync for synchronizing parallel SAP development systems.

About Galileo Group AG

Renowned blue-chip customers such as Mercedes-Benz, Talanx, Siemens or Zuercher Kantonalbank in Europe, Asia and the Americas rely on the competence of the Galileo Group with its IT Services and Software divisions.

With its SAP® Release, Change & Transport Management Software Conigma™, the company sees itself as the market leader for the industrialization of SAP operations. For more information, visit www.galileo-group.de.

Conigma™ is a trademark of Galileo Tools GmbH / Galileo Group AG.
