Conigma™ Products in greater demand than ever

> Numerous new customers in a wide range of industries trust Conigma™

Munich, 20th March 2020 – The Galileo Group AG, one of the leading providers of Release, Change- & Transport-Management solutions for SAP, announces that in the past financial year more new customers have used products from the Conigma™ portfolio than in any previous financial year.

With this result, the Galileo Group AG is exactly in line with the trend of its own expectations and confirms the assessment of customers and partners with regards to positioning in the corresponding Leader Quadrant of the RIA Vendor Selection Matrix 2019.

"We have not only consistently further developed our core products," says Malte Klassen, CEO of the Galileo Group AG, "but have also launched various new products, which guarantees our existing and new customers a corresponding investment protection. Especially the developments in optimization and integration of the entire IT factory of our customers are in the focus of attention. "In addition, our business on the Asian market has developed more than pleasingly" adds Klassen.

In addition to the core product Conigma™ CCM for controlling and managing IT processes for SAP change, release and transport management, the Conigma™ suite also includes Conigma™ QCopy for software recovery after SAP system copies, Conigma™ DevSync for synchronizing parallel SAP development systems and Conigma™4Eclipse for integrating our functionalities in ABAP in Eclipse (=SAP ADT) IDE. Newly

added to the extensive product portfolio of the Galileo Group AG are Conigma™ One as the basis for Fiori-like interfaces and Conigma™ Connect for the integration of all SAP and non-SAP related tools in the IT Factory.

About Galileo Group AG

Renowned blue-chip clients in Europe, Asia and the Americas – including Mercedes Benz, Talanx, Siemens and the Zürcher Kantonalbank – place their trust in the competence of the Galileo Group with its twin commercial departments of IT Services and Software.

With its SAP® release, change & transport management software Conigma™, the group's subsidiary Galileo Tools sees itself as a market leader in the industrialization of IT operations. It has been proven that over 7% not only of the SAP costs but also throughout the whole IT factory can be saved each year.
